DYNA BIOTECH
TECHNOLOGY FOR CLIENTS

OUR BEGINNING

- Established in April 2013
 - Dr. Vinodkumar Patil held senior responsibilities at Lupin, B. Braun Biotech, Sartorius, Shantha Biotech (Sanofi) and Serum Institute of India (1993 till Dec.2012).
 - Dr. Vinodkumar Patil left his profession to start his own venture.
 - He decided to start consultancy for his biotechnology passion.
 - When he met some of the prospectus clients in India for consultancy services, many biotech organizations motivated him to start biotech equipment manufacturing.
 - He is having 27+ years of experience in fermentation process, plant, equipment design of fermentor / bioreactor in upstream downstream process and equipment manufacturing.
 - His excellence in establishing plants, executing projects and developing process and products are notable.

OUR JOURNEY

- Dyna Biotech started 7 years ago with very handful of resources at Fursungi, Pune.
- Equipment manufacturing started in 2013 with very prestigions orders from organisation like Shantha Biotech (Sanofi), Lupin Laboratories, Serum Institute, Wockhardt Biotech, Intas Bio pharma etc.
- Export business started in the begining of 2014 and increase about 60% every year.
- Business expanded from phenomenol growth in term of factory expansion, manpower & business.
- Factory expanded with 2000 sq. ft to 1,20,000 sq. ft with a floor space of 1,80,000 sq. ft
- Turnover crossed about 100 Cr in 6th financial year.
- Company assets are man, machine, clients & business partners and all in the high end profession and committment.
